

Disclaimer:

The information displayed on the timber descriptions on this page comes from a number of sources in addition to my experiences.

Most of the technical information comes from:

Keith R Bootle (1983). "Wood in Australia, Types, properties and uses" .
McGraw-Hill Book Company Sydney, 443pp.

Ross Florence (2004) "Silviculture and Ecology of Eucalypt Forests".
CSIRO publishing, 413pp.

Discussions with Keith Bootle and Charlie Herbert (former Chief Timber Inspector) when they worked at the Wood Technology and Forest Research Division of the NSW Forestry Commission.

Discussions with various Foresters, Marketing Foreman, researchers, university lecturers and Sawmillers, in particular

Vaclav "Vincent" Hervert,

John Brandis,

David Hancock,

Andrew Krokenberger,

Stuart Davy,

John Ball,

Jim Shields,

Neil "Curley" Humphries,

Andrew Hurford and

Robert "Mario" Onfray.

With thanks to all above

Paul Massey-Reed
